

## Adry - Place

Sometimes when she's walking  
From the couch to her bed  
Something tells me to go there  
Sometimes I go and sometimes I don't  
I know that she has a boyfriend  
To me it doesn't matter at all

I'll build a place where I can live with her  
She loves me and I love her  
Just a dream the end is bad  
Cause she's just in my head

All girls are the same  
But to me you are different  
It doesn't matter what they say  
Let them say what they want to say  
As long as we are together forever

It doesn't need to be like that  
It doesn't need to be anything but us, but us.
